Thirty miles southeast, a few employees traveled to the campus of [Grand Valley State University](#) in Allendale, MI where the [GVSU Car Club](#) hosted their 5th Annual Car Show. GHSP attended as a paid sponsor for the event where all the proceeds went to the charity [Companions in Courage Foundation](#). Companions in Courage Foundation, is devoted to giving courage, friendship, compassion and support to those children and families who are overcoming illness and life-threatening obstacles.

Employees spent the afternoon utilizing the event as a way to gather market research by conducting a shifter preference survey of those in attendance. At the GHSP booth, car show enthusiasts were able to spend a few minutes taking part in our survey and learning about GHSP. This was a great way to showcase GHSP in the community, gather market research data and support a great cause.
