

100,000 Honda Civic Shifters in China

December 12, 2008

Shanghai, China - On December 12, 2008, GHSP Shanghai celebrated the production of 100,000 shifters for the Honda Civic in China. Mikio Takahashi, Honda's purchasing manager in China, was present to receive the 100,000th shifter and to congratulate the team on their success.

GHSP's history in China dates back to 1987 when JSJ formed its first joint venture in Tianjin. GHSP started production in Shanghai in 2005 and opened a second Shanghai plant in 2007.

GHSP is a leading global supplier of mechanical and mechatronic control systems to surface transportation industries, including automotive, heavy truck and others. The company serves its customers from concept to delivery with world class product design, development and program management, as well as excellence in manufacturing in locations around the world.
